Contemporary open-plan living, dining and kitchen create a functional, low-maintenance space to relax in at the end of a busy day.

The kitchen, with electric appliances, built-in dishwasher and plentiful cupboard and bench space offers easy entertaining options, while the living space with clever mottled window feature means the apartment benefits from lots of natural light, while maintaining complete privacy.

Two double bedrooms are generous in size, and the master has large walk-in wardrobe complete with shelving. Modern and fresh, the white-themed bathroom is finished
